Investing for Success

Under this agreement for 2019
Moreton Bay Environmental Education Centre will receive

$5,362*

This funding will be used to

- Support STEM initiatives within the Wynnum Manly school education alliance (WMsea) cluster of schools.

Our initiatives include

- Development and delivery of an extension primary school STEM (Science, Technology, Engineering and Mathematics) Program to target high achieving students within the WMsea cluster.
- Opportunities through a professional learning community to enhance primary science teaching practices within selected science units.
- Promotion and sharing of positive outcomes through the WMsea Head of Curriculum, GEMS and Principals’ cluster.
- Offering quality STEM resources that schools would not normally be able to access from their own site.

Our school will improve student outcomes by

- Part-funding an additional teacher (or equivalent resource) to assist with the development of STEM initiatives for delivery to the WMsea cluster of schools. ($4500)
- Supplementary funding for operational costs for Inspiration to support authentic delivery of these programs. ($862)

Dianne Aylward  
Principal  
Moreton Bay Environmental Education Centre

Tony Cook  
Director-General  
Department of Education

* Funding amount estimated on 2018 data. Actual funding will be determined after 2019 enrolment data are finalised. Actual expenditure may be varied due to changes in finalised 2019 enrolment data and student learning needs.
