Snapshot report

Under the Investing for Success Agreement for 2019
Moreton Bay Environmental Education Centre received

Our full 2018 agreement can be found at:

$5,362

Our school initiatives are on track to meet or exceed our targets

During 2019, Moreton Bay EEC focused on maximising the benefits of this funding for our students. After reviewing our Investing for Success agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

The Future is Now – Scanning Electron Microscope

During National Science Week, students participated in workshops using this innovative technology to prepare samples for viewing, create digital images and classify insect taxonomy. The program provides a professional development and networking opportunity for teachers of cluster schools. This was a partnership program with Inspire STEM Education in collaboration with the University of Queensland.

- 157 students attended the program from nine WMsea Education Alliance schools (Brisbane Bayside SC, Gumdale SS, Lota SS, Manly SS, Tingalpa SS, Wondall Heights SS, Wynnum SHS, Wynnum SS, Wynnum West SS).
- Student images taken on the program were judged of special merit and are on display at Moreton Bay EEC.
- The program provided a professional development and networking opportunity for ten teachers of WMsea cluster schools.

STEM Horizons for High Achievers

STEM Horizons program for high achieving students provides an opportunity for them to further enhance their knowledge and extend science learning beyond the classroom. ‘Hands on’ activities provide opportunities to actively engage in critical thinking and problem solving.

- 21 Year 6, 7 and 9 students attended the four-day program from six WMsea Education Alliance schools (Lota SS, Manly SS, Tingalpa SS, Wondall Heights SS, Wynnum SHS, Wynnum West SS).

WMsea Education Alliance

- Membership (or Leadership) and active participation in WMsea Education Alliance initiatives including Head of Curriculum, GEMS and Principal networks.

Progress of initiatives resulting from I4S funding was shared with our community through the centre’s newsletter and website (April 2019, August 2019 and September 2019).
