

# Investing for Success

**Under this agreement for 2020  
Moreton Bay Environmental Education Centre will receive**

**\$5,496\***

## This funding will be used to

- Support STEM initiatives within the Wynnum Manly school education alliance (WMsea) cluster of schools.
- Support specialist groups (eg Girls) in STEM initiatives.
- Support an extension literacy initiative with a Young Writers program across the WMsea cluster of schools.

## Our initiatives include

- Development and delivery of extension STEM programs to target high achieving students within the WMsea cluster.
- Development and delivery of an extension STEM program targeting specialist groups (eg Girls) in STEM.
- Offering quality STEM resources that schools would not normally be able to access from their own site.
- The delivery of a Young Writers Program, in partnership with an award winning environmental author, where students enhance their writing skills by producing short stories which are published.

## Our school will improve student outcomes by

- Part-funding an additional teacher (or equivalent resource) to assist with the development of STEM initiatives. (eg Ten days TRS: approximately \$4056)
- Part-funding for an award winning author to assist with the delivery of the Young Writers program. (\$1000)
- Supplementary funding for operational costs for Inspiration to support authentic delivery of these programs. (\$440).
