

Investing for Success

Under this agreement for 2022

Moreton Bay Environmental Education Centre will receive

\$5,633*

This funding will be used to

- Support Quandamooka Culture in Community initiatives including:
 - Development and implementation of *Minjerribah* (North Stradbroke Island) *Discovery Programs* for students
 - Facilitation of teacher professional development
 - Hosting Quandamooka Culture in Community events

Our initiatives include

- *Minjerribah Discovery Programs* which include experiences so students:
 - discover hidden sites of cultural and historical significance;
 - investigate the culture, tools, techniques and methods of daily life and survival of First Nations people during hands-on presentations and immersion;
 - develop a deep understanding and appreciation for First Nations culture, language, country and lifestyle; and
 - explore special places including Mooloomba (Point Lookout) through the Gorge Discovery Walk.
- Quandamooka Culture in Community events which may include:
 - 'Cultural Insights' workshops
 - Community meetings
 - Outdoor Classroom Days

Our school will improve student outcomes by

- Part-funding an additional teacher / cultural officer (or equivalent resources) to assist with teacher professional development and delivering of initiatives (e.g. nine days TRS: approximately \$4,633)
- Supplementary funding for operational costs to support authentic delivery of these programs (\$1,000).
